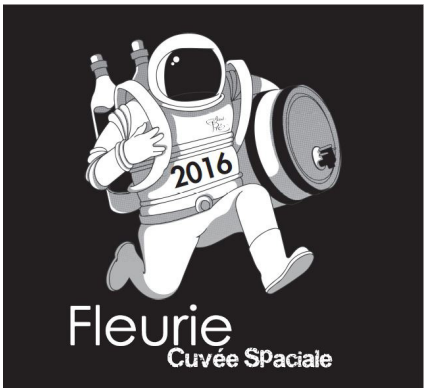
Château de Grand Pré

Beaujolais, France

About the Winery

Domaine Château de Grand Pré is a family owned estate in the charming Beaujolais satellite commune of Fleurie. Since 2009, all viticulture has been conducted in accordance with Ecocert organic methods, with similar practices carried over to their winemaking, which has always stressed natural techniques and minimal intervention in the cellar.

Situated on the steep slopes of La Madone, the Château de Grand Pré Fleurie vineyard is planted at some of the highest altitudes of the 10 Beaujolais Crus. These slopes face the rising sun and are lined with 60-year-old Gamay vines, rooted in the classic granite and sand soil of Beaujolais.



Château de Grand Pré
Fleurie "Cuveé Spaciale" 2016

Light and fruity with a cosmic core of wild cherry and strawberry flavors; plenty of juicy acidity and mellow tannins. Subtle herbal notes lift off in a fleeting, ephemeral finish.
