BENEVOLENT NEGLECT

GRENACHE * SYRAH * MOURVÈDRE

WHERE This wine is a combo of two or our favorite vineyards. Alder Springs in Leytonville, Mendocino County and Se Soulever Vineyards in Fountain Grove, Sonoma. Both are meticulously farmed and cultivate just the type of southern rhone inspired goodness that we are looking for.

HOW We take inspiration for this wine from many great examples of old world blends. Having the opportunity to work with vineyards of this type of exceptional quality gives us a chance to make wines that are comparable. 40% Grenache, 40% Syrah and 20% Mourvèdre 14.2%abv

WHEN Blends give us a great opportunity to pay homage to some of our old world influences and make a wine that shows both the dense fruit of Mourvèdre and Syrah and the lithe bright beauty and strawberry notes of Grenache. GSM is versitile on the table but we love this bottle along side grilled meat and herbed root vegtables.
