FORTUNE
1621
NAPA VALLEY

On November 9, 1621, the ship Fortune entered Plymouth Harbor bringing the second wave of settlers, just a year after the Mayflower. Edouard Bompasse was one of 35 passengers to disembark.

The Bump Family are direct descendants of Edouard Bompasse. With this project, our family aims to celebrate the adventurous spirit embodied by the original settlers. We've noticed that sharing the story of Fortune 1621 often inspires others to fondly recall their own family histories. Fittingly, this social camaraderie is complemented perfectly by a nice bottle of wine!
