A harvest worker/friend of Yves Lafoy lost his wedding ring during a harvest a few years ago at Domaine Lafoy. The ring was never found, so the winery decided to name the wine produced from this particular harvest Alliance, to commemorate this unfortunate event and honor their marriage. The lost ring makes an appearance on the label, suspended from the letter c. This wine is made from pure Syrah and boasts notes of mixed berries, plum, pepper, and a touch of smoke and minerality. It's light and elegant, woven with smooth, structured tannins and bright acidity.
