### our mission

Delta, meaning change, was born out of our desire to create a platform to make a difference in the fight to protect our planet. We partner with organizations dedicated to making a positive impact on the environment such as cleaning up our oceans and reducing CO<sub>2</sub> emissions.

We donate \$1 for every bottle of wine we sell to help the companies we partner with in their pursuits to make the world a better place, ensuring our planet continues to thrive for our children and generations to come.
