

## VIN DE FRANCE MALBEC

### History

Lulumi wines are inspired by the French countryside, its way of living, the uniqueness of every village, full of stories. These wines are all about sharing precious time with friends and family.

Malbec is well-known for its aromatic bouquet – complex and exceptional—and its intense dark robe. This grape variety is original, because of being both pungent and fruity.

### Terroir & winemaking

The Atlantic Ocean, the Mediterranean Sea, and the Pyrenees mountain range frame the French Malbec vineyards. Producers base terroir on geology, depth of soil, site altitude, proximity to the Lot river, and slope on the terrain.

The winemaking process consists of cold soaking before fermentation to bring lovely vivid colour then fermentation with few light punching down.

### Tasting notes

Beautiful deep red color with purplish reflections. Very aromatic nose, dominated by wild blackberries and blueberries. In the mouth, a very intense fruit flavor. A fruit-centric Malbec characterized by a good body, complexity and drinkability.

### Food & wine

This wine will go well with grilled meats, red meat and salads. Perfect with chicken, veal escalope, Italian cuisine, hard cheese.
