ABOUT THE WINERY

Laura Aschero

Pontedassio - Imperia - Italia

A small family-run company that produces less than 6,000 cases of fine wine from Liguria annually, including Vermentino, Pigato and Rossese, the estate of Laura Aschero began its winemaking activities as a hobby in 1980, planting vines to the family-owned land that had formerly been used for other types of crops. Laura Aschero started the winery upon the advice of a friend who claimed that she had the perfect land for growing grapes. Since her passing in 2009, her son has continued her successful venture with great passion and dedication. The winery is based in Pontedassio, in the hills above Imperia, and its vines are situated at approximately 150 meters above sea level on year-round sun-kissed hills, enjoying the ideal temperature and terrain for cultivating vines and maturing grapes. The wine cellar, situated in an ancient palace under the Piazza del Paese, has been completely renovated and today has modern and efficient wine-producing facilities.

LAURA ASCHERO PIGATO RIVIERA LIGURE DI PONENTE

Aromas of golden stone fruit, acacia honey and broom flowers open up to a full-bodied and flavorful palette. The wine is persistent yet still mellow on the finish, with a pleasantly faint bitter quality.
