## SHOFER - VOSKEHAT 2020

Shofer Voskehat is made with Voskehat grapes sourced from century-old mountainside vineyards in Vayots Dzor. It's made using the direct press method. Shofer Voskehat is medium bodied, with concentrated flavors of pear, melon and chamomile. This wine showcases the classic traits of this white variety, with notes of pear and melon alongside notes of herbs. Shofer Voskehat is a classic accompaniment to firm fleshed fish as well as roast chicken and vegetables.

Shofer, the Armenian word for "chauffeur," features the emblematic Soviet-era Lada car, used near-exclusively by the country's cabbies. Like in many countries, these drivers are a lively bunch: equal parts welcoming, efficient, boisterous, and opinionated. They take pride in showing newcomers the richness of their homeland, and in facilitating everyday life in Armenia's towns and cities. Like the Shofers, our wines are made to transport adventurous spirits to regions unknown and to celebrate the new and memorable.
