

## *Black Powder-Tanglin's Navy Gin*

750ml

*Tanglin's Double Gold Winner*

Black Powder Gin, our Navy Strength Gin, is a punchy 58% ABV making it an ideal Cocktail Gin, but still super smooth for sipping. Navy Strength Gin has to be above 57% ABV, the strength at which Gin drenched gunpowder still ignites when lit.

### NOSE

Gentle citrus nose with a bold Juniper character and pepper note.

### PALATE

Velvet smooth with a juniper crispness, spicy citrus, and herbal notes, this Gin has distinct umami with a depth of flavor and a slight sweetness and warmth.

### FINISH

Peppery herbal notes with a gentle warmth that embraces, to produce a long and lingering finish that is gentle and smooth.

### DRINKS

With Orchid Gin at its heart, with surprisingly extra smoothness, try it neat, hold it in the mouth and allow the taste buds to open, warming the liquid before swallowing. The Gin has no rough edges and is creamy smooth.
