

# Orchid Gin

750ml

*Handcrafted in Singapore with Real Vanilla*

Singapore's First Gin has been designed to reflect the cultures and cuisines of its home country. The usual suspects appear old-world botanicals like **Coriander Seed** and **Liquorice**. We then introduce Asian ingredients like **Amchoor**, rich botanicals like **Java Pepper**, and **Vanilla Planifolia**.

### NOSE

Gentle citrus nose followed by a herbal and spice note.

### PALATE

Smooth and creamy, held over the tongue an earthy herbal flavor appears with a slight sweetness.

### FINISH

Long and smooth finish with a slight peppery warmth that lingers.

### DRINKS

For a Gin and Tonic works well with a stick of Cinnamon and slice of fresh Orange to finish. For an extra lift use a splash of Lime or Orange Bitters. Also makes an excellent Martini with Maidenii Dry White.
