

# DOMAINE DES GRAVENNES

RHONE VALLEY, FRANCE

## ABOUT THE WINERY

Domaine des Gravennes sold wine only to local friends until the 1960s, when his son Raphael, along with wife Marie-Louise, decided to breathe new life into the estate by replanting the vines and increasing production. Fifty years later, Gravennes experiences great success with a newly modernized cellar and viticulture practices that emphasize the common values of the family (now in its fourth generation of winemakers): sustainability, protection of the soil and environment, conviviality, and a constant search for balance and elegance.

DOMAINE DES  
**G**RAVENNES

Domaine des Gravennes has been practicing biodynamic for over ten years and is in the process of U.S. certification. With an average vine age of 30 years and a family history steeped in the classic wines of the Southern Rhone, Gravennes produces some of the finest examples of Grenache, Syrah and Mourvedre in the region.
