Tres Alegres Compadres®

When friendship inspires great stories.

In 1992, in Tequila, Jalisco, the house's very first brand was born: Tres Alegres Compadres Reposado.

Its name pays tribute to three close friends who, in real life, gave rise to this story. One of them created the engraving that now adorns the label, depicting the Tres Alegres Compadres dressed as landowners from the Porfirio Díaz era. Among them is also the founder of La Cofradía distillery.
